

reference MB Docket No.04-233. I am concerned about the possibility of having K-Love displaced by an LPFM. K-Love which is listener supported provides a vital service to our community by providing an opportunity for people in need to receive support free of charge. My children can listen to the station without worry of be subjected to the all to common obscene content that has seemed to have taken over the air waves. K-Love is the only station that provides a commercial free format with a Christian perspective. K-Love supports positive and encouraging programming for our community.
